# FOREWORD

You cannot consider the greatness of God and what He has done for you without soon coming to the conclusion that He must have the first claim on your life. In fact, Christ, on the basis of His person and His work on the cross, must have first claim to your time, your life, your affections, your income, and your mind.

This generation needs teens that are willing to give God their prime time. If you give God your prime time, He will honor and bless you much more than you can receive. He has made you His top priority. Have you made Him your top priority?

# PREFACE

**Psalm 119:97 "O how love I thy law! It is my meditation all the day."**

How can I make my devotions more meaningful? Both young and old ask this question. Often teens read because they know they should, but they have no definite direction for a daily reading schedule.

Devotions become vital as particular needs are met in the passages studied. In this devotional book, it is hoped that guidelines will be given that meet the most typical needs of Christians, and that your time with the Lord each day will be more meaningful as you make His Word your Top Priority each day.

# AN EXPLANATION...

**Psalm 119:97 "O how love I thy law! It is my meditation all the day."**

The purpose of the Top Priority devotional manual is to help you make the Lord your top priority in life. This is done by providing you with a daily devotional plan through which you meet with the Lord and get daily direction for your life.

Top Priority consists of two sections: 1) The reading and probe questions arranged by months. Here you will find daily passages to be read and two questions for each day that you are to answer. The first question helps you ponder a key truth in the passage, and the second question directs you to consider your own life and how you can apply the truth of the passage. 2) The devotional form where you will record your daily responses.

Each day you will first read the questions and the passage assigned. You will then ponder the passage (meditate) and record your answer to the first question. Finally, you will apply the truth learned to your life that day by responding to the personalization question. For example...

**Ponder:** What can I learn from an ant? The ant does not have a supervisor. No one tells her what to do or when to do it, but she works daily to fill her storehouse in preparation for the winter. She doesn't waste her time by always sleeping.

**Personalize:** In what areas of my life do I need to be more like an ant? I put off important responsibilities until the last minute when it is too late to do my best (I procrastinate). I start projects, but I don't see them through to the end. Many evenings and weekends when I am home, I waste time when I could be helping out at home, studying, or spending time in God's Word.
